- Mike Albertson submitted the schedule for the third tournament of the year to be held at Fairfield Reservoir. Start time – 6:30, time end – 3:00 and weigh in by 3:30. Paper tournament. The lake level was down but boats were able to put in and leave without trouble.
- The lake selection committee decided to fish the April tournament at Toledo Bend in conjunction with the Southeast Oilmen's Invitational. Members do not have to fish the SEOI to participate in the club tournament. It will be a pick your partner tournament. Hotel reservations are for the members to arrange
- If you have not signed up for the PVA tournament it's not to late and they need more boats. If you know someone with a bassboat urge them to participate. I was proud of our club when Gilbert asked for a show of hands that had already signed up. Thanks guys.

I have a 1998 Procraft for sale. It is an 18ft. Boat with a Mercury 150 EFI. I bought it in December and drove all the way to Virginia to pick it up. I decided not to keep it because it is just to pretty. I hate to drill a bunch of holes and beat up such a pretty boat. It runs great and will go about 70 mph. It is ready to fish and very clean. I have all the maintenance records on it and you can see that it was well maintained. You can see pictures and more information about it at <http://www.bassfishing.org/procraft.htm>

The dealer that I bought it from showed me a printout that said it was worth \$10,500. That is about the price that most comparable boats are listed on boat trader for. I am willing to sell it for \$8,500 so I can get it out of my storage unit. If you know anyone interested, you can get them a deal for \$8,500. Starting next week, I am booked solid until May. I would like to sell it this week. The <http://www.nadaguides.com> website shows that the average retail on this boat with

a 120 hp is \$8,000. This boat is well above average and has a 150 hp motor.

Thanks,

It is a 2000 Nitro NX882, 150 hp Merc, two live wells, bilge pump, on board charger, trailer w/brakes, swivel trailer tongue, top speed about 70 mph, fish finder, etc. Everything works.

I will not refuse a reasonable offer.

thank you
